NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

Dear Shareholder:

On behalf of the Board of Directors (the Board) and employee-partners of Cintas Corporation (the Company), I invite you to attend our Annual Meeting of Shareholders (Annual Meeting) on October 27, 2020, at 10:00 a.m. Eastern Daylight Time. This year's Annual Meeting will be a virtual meeting of shareholders. We believe that hosting a virtual meeting supports the health and well-being of our shareholders, employee-partners and their families in light of the ongoing novel coronavirus (COVID-19) pandemic and provides expanded access, improved communication and cost savings for our shareholders and the Company. You will be able to attend the Annual Meeting online, vote your shares electronically and submit your questions during the Annual Meeting by visiting www.virtualshareholdermeeting.com/CTAS2020. **You will not be able to attend the Annual Meeting in person.**

We have designed our virtual format to enhance, rather than constrain, stockholder access and participation. For example, if you experience technical difficulties during the Annual Meeting, there will be technicians ready to assist you with any technical difficulties you may have accessing the virtual meeting or voting at the meeting. If you encounter any difficulties accessing the virtual meeting during the check-in or meeting time, please call the technical support number that will be listed on the Annual Meeting login web page.

This booklet includes notice of the meeting and the proxy statement. The proxy statement tells you more about the agenda and procedures for the meeting. It also describes how the Board operates and gives personal information about our director nominees.

Shareholders entitled to vote at this Annual Meeting are those of record as of the close of business on September 2, 2020. Please note that only shareholders of record or holders of valid proxies from such shareholders may attend online or vote during the meeting. Even if you are planning to attend the virtual meeting, you are strongly encouraged to vote your shares in advance through one of the methods described in the proxy statement.

We are once again pleased to take advantage of U.S. Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, we are mailing to most of our shareholders a Notice of Internet Availability of Proxy Materials (the Notice) instead of a paper copy of the proxy statement, the accompanying proxy card and our 2020 Annual Report. The Notice contains instructions on how to access and review those documents over the Internet and vote online, as well as how shareholders can elect to receive paper copies of the proxy statement, proxy card and 2020 Annual Report free of charge. We believe that this process will allow us to provide our shareholders with the information they need in a timely manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

Whether or not you plan to attend the meeting, please complete and return your proxy card or vote by telephone or via the Internet by following the instructions on your proxy card.

Sincerely,

A handwritten signature in black ink that reads "Scott D. Farmer". The signature is written in a cursive style.

Scott D. Farmer
Chairman of the Board and Chief Executive Officer

**PROXY
STATEMENT**

ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON OCTOBER 27, 2020

General Information

This proxy statement and accompanying proxy, mailed or provided online, are furnished in connection with the solicitation by the Board of Directors (the Board) of Cintas Corporation, a Washington corporation (we, Cintas or the Company), of proxies to be used at the Annual Meeting of Shareholders (Annual Meeting) of Cintas to be held on October 27, 2020, and at any adjournment or postponement thereof. This year's Annual Meeting will be a virtual meeting of shareholders, which means that you will be able to participate in the Annual Meeting, vote and submit your questions during the Annual Meeting via live webcast by visiting www.virtualshareholdermeeting.com/CTAS2020. Cintas will bear the costs of this solicitation. The Notice Regarding the Availability of Proxy Materials (the Notice) and, for those shareholders who requested paper copies, this proxy statement and accompanying proxy, were first mailed to our shareholders on or about September 15, 2020.

Attendance and Participation

We will be hosting the Annual Meeting live via the Internet. **You will not be able to attend the Annual Meeting in person.** Shareholders will have substantially the same opportunities to participate as they would have at an in-person meeting. Any shareholder can listen to and participate in the Annual Meeting live via the Internet at www.virtualshareholdermeeting.com/CTAS2020. The webcast will start at 10:00 a.m., Eastern Daylight Time, on October 27, 2020. We encourage shareholders to access the Annual Meeting webcast before the start time. On the day of the Annual Meeting, online access will begin at 9:45 a.m., Eastern Daylight Time.

If shareholders encounter any difficulties accessing the Annual Meeting webcast during the check-in or meeting time, there will be a technical support number posted on the virtual meeting login page for assistance. Technical support will be available beginning at 9:45 a.m., Eastern Daylight Time, on October 27, 2020 through the conclusion of the Annual Meeting.

The virtual Annual Meeting platform is fully supported across browsers (Internet Explorer, Firefox, Chrome, and Safari) and devices (desktops, laptops, tablets, and cell phones) running the most updated version of applicable software and plugins. Shareholders should ensure that they have a strong internet connection if they intend to attend and/or participate in the Annual Meeting. Shareholders should allow plenty of time to log in and ensure that they can hear streaming audio prior to the start of the Annual Meeting.

Shareholders may vote and submit questions while connected to the Annual Meeting on the Internet. Shareholders may submit a question by logging into the virtual meeting platform at www.virtualshareholdermeeting.com/CTAS2020, typing the question into the "Ask a Question" field and clicking "Submit." Appropriate questions related to the business of the Annual Meeting (the proposals being voted upon) will be answered during the Annual Meeting, subject to time constraints. Any such questions that cannot be answered during the Annual Meeting due to time constraints will be posted and answered on our website at www.cintas.com, under About Us – Investors as soon as practical after the Annual Meeting. Additional information regarding the ability of shareholders to ask questions during the Annual Meeting, related rules of conduct and other materials for the Annual Meeting will be available at www.virtualshareholdermeeting.com/CTAS2020.

Instructions on how to connect and participate in the Annual Meeting, including how to demonstrate proof of ownership of our common shares, are posted at www.virtualshareholdermeeting.com/CTAS2020. **You must have your 16-digit control number that is printed in the box marked by the arrow on your Notice of Internet Availability of Proxy Materials or your proxy card (if you received a printed copy of the proxy materials), to be able to access the Annual Meeting.**

Who may vote

Shareholders of Cintas, recorded in our stock register on September 2, 2020, may vote at the Annual Meeting. As of that date, Cintas had 105,546,754 shares of common stock outstanding, including 993,334 outstanding shares of restricted stock. Each share is entitled to one vote on each matter submitted to the shareholders at the Annual Meeting.

How to vote

If you are a registered shareholder, there are several ways for you to vote. You may attend the Annual Meeting via the Internet and vote during the Annual Meeting. You may also vote by Internet before the date of the Annual Meeting, by proxy or by telephone using one of the methods described in the proxy card. We recommend you vote by mail, Internet or telephone even if you plan to attend the Annual Meeting. If you vote by Internet or telephone, please do not return the proxy card. If voting by mail, please complete, sign and date your proxy card enclosed with these proxy materials. If desired, you can change your vote at the Annual Meeting.

How proxies work

Cintas' Board is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the Annual Meeting in the manner you direct. You may vote for all, some or none of our director nominees. You may also vote for or against the other proposals or abstain from voting.

All proxies properly signed will, unless a different choice is indicated, be voted "FOR" the election of all nominees proposed by the Nominating and Corporate Governance Committee, "FOR" the resolution approving the compensation of our named executive officers, "FOR" the ratification of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2021 and "AGAINST" the shareholder proposal regarding the reporting on political contributions.

You may receive more than one proxy or voting card depending on how you hold your shares. Shares registered in your name are covered by one card. If you hold shares through someone else, such as a stockbroker or bank, you may get material from them asking how you want to vote. Specifically, if your shares are held in the name of your stockbroker or bank and you wish to vote in person at the virtual shareholder meeting, you should request your stockbroker or bank to issue you a proxy covering your shares.

If any other matters come before the meeting or any postponement or adjournment, each proxy will be voted in the discretion of the individuals named as proxies on the card.

Revoking a proxy

You may revoke your proxy at any time before the vote is taken by submitting a new proxy with a later date, by voting via the Internet or by telephone at a later time, by participating in the Annual Meeting live via the Internet and voting again or by notifying Cintas' Secretary in writing at the address under "Questions" on page 39.

Quorum

In order to carry on the business of the Annual Meeting, we must have a quorum. This means at least a majority of the outstanding shares eligible to vote must be represented at the Annual Meeting, either by proxy or in person.

Votes needed

Each director nominee will be elected by the majority of the votes cast with respect to that nominee, subject to a resignation policy in our Bylaws that applies to any nominee who does not receive a majority of the votes cast. See "Election of Directors" on page 3. Approval of Proposals 2, 3 and 4 requires the affirmative vote of the majority of the votes cast on each proposal. Approval of all other matters considered at the meeting, including postponement or adjournment, will require the affirmative vote of a majority of the votes cast.

Abstentions (including abstentions with respect to one or more nominees) and broker nonvotes count for quorum purposes, but not for voting purposes. Broker nonvotes occur when a broker returns a proxy, but does not have authority to vote on a particular proposal.

Banks or brokers holding shares for beneficial owners must vote those shares as instructed. If the bank or broker has not received instructions from you, the beneficial owner, the bank or broker generally has discretionary voting power only with respect to the ratification of appointment of the independent registered public accounting firm. A bank or broker does not have discretion to cast votes with respect to Proposal 1, 2 or 4 unless it has received voting instructions from the beneficial owner of the shares. It is therefore important that you provide instructions to your bank or broker if your shares are held by such a bank or broker so that your votes with respect to these Proposals are counted. Abstentions and broker nonvotes will have no effect on Proposals 1, 2 or 4 and abstentions will have no effect on Proposal 3. Because Proposal 3 is a "routine" matter, there will be no broker nonvotes on this Proposal.

**ELECTION OF DIRECTORS
(Item 1 on the Proxy Card)**

The Nominating and Corporate Governance Committee of the Board has nominated for election the following individuals, namely: Gerald S. Adolph, John F. Barrett, Melanie W. Barstad, Karen L. Carnahan, Robert E. Coletti, Scott D. Farmer, Joseph Scaminace and Ronald W. Tysoe. Proxies solicited by the Board will be voted for the election of these nominees if no direction is given. All directors elected at the Annual Meeting will be elected to hold office until the next Annual Meeting, with each director to serve until such director's successor is elected and qualified or until such director's earlier resignation or removal. In voting to elect directors, shareholders are not entitled to cumulate their votes. Pursuant to Cintas' retirement policy, James J. Johnson has not been nominated for re-election and will be retiring immediately following the Annual Meeting.

In accordance with NASDAQ Stock Market, LLC (NASDAQ) rules, our Board affirmatively determines the independence of each director and nominee for election as a director in accordance with the elements of independence set forth in the NASDAQ listing standards and rules promulgated under the Securities Exchange Act of 1934. Cintas' director independence standards, incorporated in the Corporate Governance Guidelines, are available on our website at www.cintas.com, under About Us – Investors – Corporate Governance. Based on these standards, the Board determined that each of the following nonemployee directors is independent: Gerald S. Adolph, John F. Barrett, Melanie W. Barstad, Karen L. Carnahan, James J. Johnson, Joseph Scaminace and Ronald W. Tysoe. Our Audit, Compensation and Nominating and Corporate Governance Committees are composed solely of independent directors. All directors are elected for one-year terms. Information on each of our nominees is given below.

An uncontested election is one in which the number of nominees does not exceed the number of directors to be elected. In an uncontested election, like this election, our Bylaws require that any nominee who does not receive a majority of the votes cast with respect to such nominee must promptly offer his or her resignation to the Board. The Nominating and Corporate Governance Committee will take the matter under advisement and make a recommendation to the Board on whether to accept or reject the resignation or whether other action should be taken. The Board has 90 days following certification of the shareholder vote to consider the offer of resignation. Within such 90-day period, the Board will promptly disclose publicly its decision whether to accept the director's resignation offer.

If a director nominee becomes unavailable before the election, your proxy card authorizes us to vote for a replacement nominee if the Board names one.

Director Nominees

The Board recommends you vote FOR each of the following nominees:

Gerald S. Adolph ⁽¹⁾⁽²⁾ 66	Gerald S. Adolph was elected a Director of Cintas in 2006. He is the Chairman of the Compensation Committee. The Board believes that Mr. Adolph's consulting experience, giving him insight into various corporate governance and business management issues, as well as his status as an independent director, make his service on the Board integral to Cintas.

The Board believes that Ms. Carnahan's understanding of Cintas through her many years as a trusted employee-partner at Cintas, her status as an independent director and the fact that she is an "audit committee financial expert" under SEC guidelines, makes her service on the Board beneficial to Cintas.</p>
Robert E. Coletti ⁽³⁾⁽⁵⁾ 63	<p>Robert E. Coletti was elected a Director of Cintas in 2016. Since 2018, Mr. Coletti has served as a retired partner emeritus of the law firm of Keating Muething & Klekamp (KMK). Mr. Coletti joined KMK in 1982, where he became a partner in 1988 and a senior partner in 2016, with a practice concentrated in the corporate, securities and financing areas. Mr. Coletti has been serving on the Miami University Board of Trustees since 2014. He was a Trustee of the Miami University Foundation from 2006 to 2012, where he also served as Chairman of the Board from 2010 to 2012. The Board believes that Mr. Coletti's knowledge of Cintas, gained through his many years of advising Cintas and his legal expertise surrounding complicated business matters, makes his service on the Board valuable to Cintas.</p>
Scott D. Farmer ⁽³⁾⁽⁵⁾ 61	<p>Scott D. Farmer joined Cintas in 1981. He has held the positions of Vice President – National Account Division, Vice President – Marketing and Merchandising, Rental Division Group Vice President and Chief Operating Officer. He is designated as Lead Director of the Cintas Board of Directors and is Chairman of the Executive Committee and the Nominating and Corporate Governance Committee. CORPORATE GOVERNANCE

Cintas is a Washington corporation and, therefore, governed by the corporate laws of Washington. Since its stock is publicly traded on the NASDAQ Global Select Market and it files reports with the SEC, it is also subject to the rules of NASDAQ, as well as various provisions of federal securities laws and the Sarbanes-Oxley Act of 2002 (SOX).

Governance of the Company is placed in the hands of the directors who, in turn, elect officers to manage the business operations. The Board oversees the management of Cintas on your behalf. It reviews Cintas' long-term strategic plans and exercises direct decision making authority in all major decisions, such as significant acquisitions, deconsolidations and the declaration of dividends. The Board also reviews financial and internal controls and management succession plans.

Cintas expects all directors to attend all regularly scheduled Board and shareholder meetings. All directors attended the 2019 Annual Meeting of Shareholders. During fiscal 2020, the Board met on five occasions. Each of Cintas' directors attended all meetings of the Board and committees of which they were a member during fiscal 2020, except for Mr. Johnson, who was unable to participate in one telephonic audit committee meeting. In addition, the independent directors met in executive session on four occasions during fiscal 2020 without the presence of the non-independent director and management directors. The Lead Director presided over each session.

Shareholders may communicate with the full Board or individual directors on matters concerning Cintas by mail or through our website. Such communication should be sent to the attention of the Secretary. Interested persons may communicate directly and confidentially with our non-management directors by writing to Thomas E. Frooman, 6800 Cintas Boulevard, P.O. Box 625737, Cincinnati, Ohio 45262-5737. However, any such communications that are considered to be improper for submission to the intended recipients will not be provided to the directors. Examples of communications that would be considered improper for submission include, without limitation, customer complaints, solicitations, communications that do not relate, directly or indirectly, to Cintas' business or communications that relate to improper or irrelevant topics. In addition, please note that the Secretary will not forward communications that are spam, junk mail or mass mailings, resumes and other forms of job inquiries, surveys and business solicitations or advertisements.

The Board has adopted the Cintas Code of Conduct and Business Ethics applicable to officers, directors and employee-partners. A copy of the Cintas Code of Conduct and Business Ethics is available on our website, www.cintas.com, under About Us. Cintas intends to post on its website within four business days after approval any amendments or waivers to the Code of Conduct and Business Ethics.

The directors have organized themselves into the committees described below to help carry out Board responsibilities. In particular, Board committees work on key issues in greater detail than would be possible at full Board meetings. Each committee reviews the results of its meetings with the full Board.

The Executive Committee is composed of Joseph Scaminace (Chairman), Scott D. Farmer and Robert E. Coletti. The Executive Committee acts for the Board as required between Board meetings. This Committee had no meetings in fiscal 2020.

Each of the Nominating and Corporate Governance Committee, Audit Committee and Compensation Committee is composed entirely of independent, nonemployee directors, each of whom meets the relevant independence requirements established by NASDAQ and SOX that apply to their particular assignments.

Board Leadership Structure

The Board is responsible for evaluating and determining Cintas' leadership structure. Mr. Farmer has been Cintas' Chief Executive Officer (CEO) since 2003, and Chairman of the Board since 2017. The Board has no policy with respect to the separation of these offices. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Company for the Board to consider it each time that it elects the CEO. The Board recognizes that there may be circumstances in the future that would lead it to separate these offices, but it believes that there is no reason to do so at this time.

In electing the Chairman and appointing the CEO, the Board considers nominees' knowledge of and experience with Cintas and its corporate culture, general industry experience and other executive skills. Our Board recognizes that, depending on the circumstances, leadership models other than the current model might be appropriate. Our corporate governance guidelines provide that the Board selects the Chairman of the Board in the manner that it determines to be in the best interests of Cintas' shareholders.

The Board believes that having Mr. Farmer serve as both Chairman and CEO provides the most optimal leadership model by enhancing Mr. Farmer's ability to provide clear insight and direction of business strategies and plans to both the Board and management, which facilitates the efficient and effective functioning of the Board and our Company. As both a director and officer, Mr. Farmer fulfills a valuable leadership role that the Board believes is essential to the continued success of the Company's business operations at this time while providing unified leadership and focus. In the Board's opinion, Mr. Farmer's dual role enhances the Company's ability to coordinate long-term strategic direction with important business opportunities at the operational level. His dual role also enhances his ability to provide insight and direction on important strategic initiatives impacting the Company and its shareholders to both management and the independent directors. With his many years of experience with Cintas, the board believes that Mr. Farmer is uniquely qualified to be Cintas' Chairman and CEO. We balance the current combined roles of Chairman and CEO by the appointment of a Lead Director. Notably, some governance commentators have concluded that there is no reason for a split in these roles when a counterbalance, such as a Lead Director, is present. Additionally, other commentators have noted that there is no evidence that separation of these roles improves company performance or shareholder returns.

The Board designates a nonemployee director to serve as the Lead Director to preside over meetings of independent directors, coordinate the activities of the other nonemployee directors, act as liaison among other directors, preside at Board meetings in the absence of the Chairman and to perform such other duties and responsibilities as the Board may determine. The Board has designated Joseph Scaminace as the Lead Director.

The Board's Role in Risk Oversight

The entire Board, rather than a separate board committee, oversees Cintas' risk management process. Cintas relies on a comprehensive enterprise risk management (ERM) process to aggregate, monitor, measure and manage risks. The ERM approach is designed to enable the Board to establish a mutual understanding with management of the effectiveness of Cintas' risk management practices and capabilities, to review Cintas' risk exposure and to elevate certain key risks for discussion at the Board level as appropriate.

Our senior management is responsible for identifying, assessing and managing the Company's exposure to risk, and we have established a risk committee which is responsible for overseeing and monitoring our risk strategy and chartering risk mitigation related actions. The risk committee is chaired by the CEO and has broad-based functional representation including senior management from Cintas' corporate audit, compliance, legal, operations, security and finance areas. The CEO is the only member of the Board on the risk committee.

The risk committee has scheduled quarterly meetings, which may or may not take place depending on the current needs. At its meetings, the risk committee discusses risks to Cintas' business (operational, financial and legal), the potential impact to the business and the probability of occurrence in order to determine the best solution and identify the need for resource allocation. This process includes evaluating management's preparedness to respond to the risk if realized. For example, in the latter part of fiscal 2020, the Board has engaged in increased dialogue with management regarding business and financial risks associated with COVID-19, which was characterized as a pandemic during our fiscal fourth quarter, and steps taken with regard to employee health and safety.

One risk committee meeting annually focuses entirely on ERM. The risk profiles and current and future mitigating actions are discussed and refined during subsequent meetings with senior management and the CEO. Thereafter, the risk committee presents a comprehensive report to the Board in an interactive session during which the Board has the opportunity to further discuss the risk committee's assessments and conclusions.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for nominating persons for election as directors at each annual shareholders' meeting, making recommendations for filling any Board vacancies that may arise between meetings due to resignation or other factors and developing and recommending to the Board corporate governance policies and guidelines for Cintas. Cintas does not have a formal policy regarding diversity in determining director nominees. However, in nominating directors, the Nominating and Corporate Governance Committee takes into account, among other factors which it may deem appropriate, the judgment, skill, diversity, business experience and needs of the Board as its function relates to the business of Cintas. As set forth in our Corporate Governance Guidelines, the Company has committed that the initial list from which new independent director nominees are chosen will include qualified female and racially/ethnically diverse candidates. The Nominating and Corporate Governance Committee will consider nominees recommended by security holders in written correspondence directed to the Secretary of Cintas. The Nominating and

Corporate Governance Committee evaluates the qualifications of candidates properly submitted by shareholders on the same basis as those of other director candidates. However, in no event shall any nomination made by a shareholder be binding on Cintas unless it is made in strict accordance with Cintas' Bylaws as they may be amended from time to time. A copy of the Nominating and Corporate Governance Committee Charter is available on our website, www.cintas.com, under About Us – Investors – Corporate Governance.

Audit Committee

The Audit Committee is governed by a written charter adopted by the Board. A copy of the Audit Committee Charter is available on our website, www.cintas.com, under About Us – Investors – Corporate Governance. Ronald W. Tysoe and Karen L. Carnahan have been designated as an Audit Committee financial expert by the Board, and the Board has determined that Mr. Tysoe and Ms. Carnahan satisfy the expertise and audit committee independence standards required by NASDAQ and the SEC.

The Audit Committee is solely responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm. The Audit Committee also evaluates information received from the independent registered public accounting firm and management to determine whether the registered public accounting firm is independent of management. The independent registered public accounting firm reports directly to the Audit Committee.

The Audit Committee has established procedures for the receipt, retention and treatment of complaints received by Cintas concerning accounting, internal accounting controls or auditing matters and has established procedures for the confidential and anonymous submission by employee-partners of any concerns they may have regarding questionable accounting, auditing or financial matters.

The Audit Committee approves all audit and nonaudit services performed for Cintas by its independent registered public accounting firm prior to the time that those services are commenced. The Chairman also has the authority to approve these services between regularly scheduled meetings. In this event, the Chairman reports approvals made by him to the full Committee at each of its meetings. For these purposes, the Audit Committee, or its Chairman, is provided with information as to the nature, extent and purpose of each proposed service, as well as the approximate time frame and proposed cost arrangements for that service.

AUDIT COMMITTEE REPORT

The Audit Committee oversees Cintas' financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls over financial reporting. As part of the oversight processes, the Audit Committee regularly meets with management of Cintas, Cintas' independent registered public accounting firm and Cintas' Vice President of Internal Audit. The Audit Committee regularly meets with each of these groups separately in closed sessions. Throughout the year, the Audit Committee had full access to management, the independent registered public accounting firm and internal auditors for Cintas. To fulfill its responsibilities, the Audit Committee did, among other things, the following:

- (a) reviewed and discussed Cintas' audited financial statements for fiscal 2020 with Cintas' management and the independent registered public accounting firm, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements;
- (b) reviewed the quarterly earnings releases and reports on Form 10-K and Form 10-Q prior to release;
- (c) reviewed management's representations that the interim and audited financial statements were prepared in accordance with U.S. generally accepted accounting principles and fairly present the results of operations and financial position of Cintas;
- (d) reviewed and discussed with the independent registered public accounting firm the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (PCAOB) and SEC rules, including matters related to the conduct of the audit of Cintas' financial statements;
- (e) discussed with the independent registered public accounting firm the firm's independence from management and Cintas including the matters in the written disclosures and letter received from the independent registered public accounting firm required by the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence;
- (f) based on the reviews and discussions with management and the independent registered public accounting firm, the independent registered public accounting firm's disclosures to the Audit Committee, the representations of management and the report of the independent registered public accounting firm, recommended to the Board, which adopted the recommendation, that Cintas' audited annual financial statements be included in Cintas' Annual Report on Form 10-K for the fiscal year ended May 31, 2020, for filing with the SEC;
- (g) reviewed all audit and nonaudit services performed for Cintas by the independent registered public accounting firm for the fiscal year ended May 31, 2020 and determined that its provision of nonaudit services was compatible with maintaining its independence from Cintas;
- (h) consulted with counsel regarding SOX, NASDAQ's corporate governance listing standards and the corporate governance environment in general and considered any additional requirements placed on the Audit Committee as well as additional procedures or matters the Audit Committee should consider;
- (i) reviewed and monitored the progress and results of the testing of internal control over financial reporting pursuant to Section 404 of SOX, reviewed a report from management and internal audit regarding the design, operation and effectiveness of internal control over financial reporting and reviewed an attestation report from the independent registered public accounting firm regarding the effectiveness of internal control over financial reporting; and
- (j) examined the Audit Committee Charter to determine compliance by Cintas and the Audit Committee with its provisions and to determine whether any revisions to the Charter were advisable. The Cintas Audit Committee Charter was approved at the January 13, 2020 Audit Committee Meeting. Only minor changes to the Charter were required.

RESPECTFULLY SUBMITTED BY THE MEMBERS OF THE AUDIT COMMITTEE: Ronald W. Tysoe (Chairman), John F. Barrett, Karen L. Carnahan and James J. Johnson

Compensation Committee

The Compensation Committee is governed by a written charter adopted by the Board. A copy of the Compensation Committee Charter is available on our website, www.cintas.com, under About Us – Investors – Corporate Governance. In discharging the responsibilities of the Board relating to compensation of Cintas' CEO and other senior executive officers, the purposes of the Compensation Committee are, among others, (i) to review and approve the compensation of Cintas' CEO and other senior executive officers and (ii) to oversee the compensation policies and practices of Cintas, including adopting, administering and approving Cintas' incentive compensation and stock plans and awards (and amendments to the plans or awards) and performing such duties and responsibilities as may be assigned under the terms of any executive compensation plan, incentive compensation plan or equity-based plan. The Compensation Committee has the authority to delegate any of its responsibilities to subcommittees as the Compensation Committee may deem appropriate in its sole discretion. In fiscal 2020, the Compensation Committee believes it reviewed the necessary resources available to survey the compensation practices of Cintas' peers and keep abreast of compensation developments in the marketplace.

The Compensation Committee periodically reviews the compensation practices and policies that apply to all Cintas employee-partners to determine whether such practices and policies are reasonably likely to have a material adverse effect on Cintas. As part of the Compensation Committee's on-going process, the Compensation Committee, with the assistance of Cintas' human resources, finance and legal departments, conducted an assessment of these compensation practices and policies and determined that they do not create risks that are reasonably likely to have a material adverse effect on Cintas. Among the areas the Compensation Committee considered in determining that Cintas' compensation practices and policies do not pose a material risk to Cintas included Cintas' compensation philosophy, compensation plan design (balanced pay mix, weightings of measures, performance targets and annual and long-term incentives) and compensation plan governance and oversight (selection of performance targets, stock ownership requirements, claw-back policy and hedging policy).

Cintas' executive compensation policies are designed to support the corporate objective of maximizing the long-term value of Cintas for its shareholders and employee-partners. To achieve this objective, the Compensation Committee believes it is important to provide competitive levels of compensation to attract and retain the most qualified employees, to recognize individuals who exceed expectations and to closely link executive compensation with corporate performance. Cintas, with the Compensation Committee's oversight, uses short and long-term incentive and equity compensation plans to promote the achievement of company objectives.

The Compensation Committee processes and procedures for the consideration and determination of executive and director compensation, including the role of executive officers in determining or recommending the amount or form of executive compensation, are discussed in the section entitled "Executive Compensation."

Committee members: Gerald S. Adolph (Chairman), Melanie W. Barstad and Joseph Scaminace.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during fiscal 2020, listed above, has ever been an officer or employee-partner of Cintas, nor has any member been an executive officer of another entity at which one of our executive officers serves on the Board. No executive officer of Cintas serves (or served at any time during fiscal 2020) as a director or as a member of a committee of any company of which any of Cintas' nonemployee directors are executive officers.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section discusses and analyzes the compensation awarded to, earned by or paid to Cintas' named executive officers, as set forth in the Fiscal 2020 Summary Compensation Table and other executive compensation tables and narratives contained in this proxy statement. It also discusses the principles underlying our compensation policies and decisions.

For fiscal 2020, the Company's named executive officers were the following five executive officers:

Name	Title
Scott D. Farmer	Chairman of the Board and Chief Executive Officer
J. Michael Hansen	Executive Vice President and Chief Financial Officer
Todd M. Schneider	Executive Vice President and Chief Operating Officer
Michael L. Thompson	Executive Vice President and Chief Administrative Officer
Thomas E. Frooman	Senior Vice President, Secretary and General Counsel

Overview of Compensation Program

The Compensation Committee oversees the compensation programs of Cintas, with particular attention to the compensation for its CEO and the other executive officers. It is the responsibility of the Compensation Committee to review and approve, or, as the case may be, recommend to the Board for approval, changes to Cintas' compensation policies and benefit plans and to administer Cintas' stock plans, including recommending and approving stock-based awards to executive officers. The Compensation Committee also works to help ensure that Cintas' compensation philosophy is consistent with the best interests of Cintas and its shareholders and is properly implemented and monitored. Generally, the types of compensation and benefits provided to all executive officers are similar.

The day-to-day administration of savings plans, profit sharing plans, stock plans, health, welfare and paid-time-off plans and policies applicable to employee-partners in general is handled by Cintas' human resources, finance and legal department employee-partners. The responsibility for certain fundamental changes outside the day-to-day requirements necessary to maintain these plans and policies belongs to the Compensation Committee.

Compensation Philosophy and Objectives

The primary focus of our executive compensation program is to support the corporate objective of maximizing the long-term value for our shareholders and employee-partners by exceeding our customers' expectations. We also strive to provide a competitive level of total compensation to all of our employee-partners, including the executive officers, that attracts and retains talented and experienced individuals and that motivates them to contribute to Cintas' short-term and long-term success.

Our incentive compensation program is designed to reward both individual and team performance, measured by overall Cintas results and individual achievement. The Management Incentive Plan for fiscal 2020 applies to all of our executive officers. The incentive compensation arrangements for our Chairman and CEO, Mr. Scott D. Farmer and our Executive Vice President and Chief Operating Officer, Mr. Todd M. Schneider, were generally based on Cintas' diluted earnings per share (EPS), growth in sales and the accomplishment of certain individual goals. The incentive compensation arrangements for our Executive Vice President and Chief Financial Officer (CFO), Mr. J. Michael Hansen, our Executive Vice President and Chief Administrative Officer, Mr. Michael L. Thompson and our Senior Vice President, Secretary and General Counsel, Mr. Thomas E. Frooman, were generally based on Cintas' EPS and achievement of certain individual goals.

The challenges brought on by the COVID-19 pandemic were unlike any in Cintas' recent history. Through the first three quarters of fiscal 2020, the COVID-19 pandemic did not have a significant impact on our business, and company results were expected to exceed targeted levels. Through the completion of our fiscal 2020 third quarter, year to date sales growth was 7.2%, and diluted EPS from continuing operations for the nine month period was \$6.76, an increase of 14.4% over fiscal 2019 third quarter year to date diluted EPS from continuing operations of \$5.91. However, efforts to contain the spread of COVID-19 intensified during our fiscal 2020 fourth quarter. Most states and municipalities within the United States (U.S.) enacted temporary closures of businesses, issued quarantine orders and took other restrictive measures in response to the COVID-19 pandemic. Within the U.S., although our business was designated an essential business, which allowed us to continue to

serve customers that remained open, our total fiscal 2020 financial performance was negatively impacted. These disruptions were severe and impactful. Due to the unexpected impact of the COVID-19 pandemic on the operations of the Company beginning in our fiscal fourth quarter and the uncertainties surrounding COVID-19, senior management recommended, and the Compensation Committee agreed, prior to final determination of the annual cash incentive compensation earnings, that it was appropriate not to pay out annual cash incentive compensation to employees at the Vice President level and above, regardless of the performance relative to the goals set at the beginning of the fiscal year. In addition, the fiscal 2021 base salaries for all named executive officers were reduced by 10%, effective June 1, 2020. Despite these disruptions, Cintas was able to conclude fiscal 2020 with sales growth of 2.8% and diluted EPS from continuing operations of \$8.11.

Compensation Decision-Making Process

The Compensation Committee determines the compensation for the executive officers based on recommendations made by management as discussed below. Annually, the Compensation Committee reviews a market analysis of executive compensation plans. The analysis looks at published general industry survey data by revenue size. The Compensation Committee evaluates base salary, annual cash incentives, long-term compensation and other compensation. Our analysis shows that our named executive officers' target compensation is competitive with the total compensation of comparable named executive officers in our market analysis.

Based on the market analysis and individual performance, the Secretary and General Counsel makes a recommendation to the Compensation Committee on the CEO's base salary and annual cash incentive target for the upcoming fiscal year. The CEO makes a recommendation to the Compensation Committee for the base salaries and annual cash incentive targets for the upcoming fiscal year for other executive officers.

In October 2019, and at various meetings held during the remainder of fiscal 2020, the Board reviewed the results of our 2019 "say-on-pay" vote, in which over 97% of the votes cast approved of our named executive officers' compensation. In addition, after taking into consideration the strong support for our executive compensation program reflected in the 2019 say-on-pay results, the Compensation Committee decided to generally continue to apply the same philosophy, compensation objectives and governing principles as it used for fiscal 2019 when making subsequent decisions regarding named executive officer compensation. The Compensation Committee believes the voting results again demonstrate significant support for our named executive officer pay program and did not make any changes to the fiscal 2020 program specifically in response to the 2019 say-on-pay results. The Compensation Committee has, however, continued to monitor the voting policies of our institutional shareholders and their advisors since last year, as well as review the overall program to ensure it achieves the designed goal as set forth in "Compensation Philosophy and Objectives" and will continue to take those voting policies and the effectiveness of the program into account when considering changes to our executive compensation program.

Key Elements of Compensation

The table below summarizes the key fiscal 2020 compensation program elements for our named executive officers:

Element	Form of Compensation	Purpose
Base Salaries	Cash	Provides competitive, fixed compensation to attract and retain exceptional executive talent
Annual Cash Incentives	Cash	Provides a variable financial incentive to achieve corporate and individual goals
Long-Term Equity Incentives	Non-qualified stock options, restricted stock units and/or restricted stock	Encourages, under the terms of Cintas' equity plan, named executive officers to build and maintain a long-term equity ownership position in Cintas so that their interests are aligned with our shareholders
Health, Retirement and Other Benefits	Eligibility to participate in benefit plans generally available to our employee-partners, including Partners' Plan contributions (described below), health, life insurance and disability plans, our Deferred Compensation Plan (described below), and certain perquisites	Benefit plans are part of a broad-based employee benefits program. The Deferred Compensation Plan and perquisites provide competitive benefits to our named executive officers

We believe that each element of our compensation program plays a substantial role in maximizing long-term value for our shareholders and employee-partners because of the significant emphasis on pay-for-performance principles. Generally, a substantial portion of a named executive officer's total compensation is based on Cintas' results and the named executive officers' individual achievements. As a result, Cintas' performance has a significant effect on the amount of compensation realized by the executive officers.

Each of these elements of pay is described and analyzed in more detail below.

Base Salaries

The Compensation Committee annually reviews the base salaries of our executive officers. The Compensation Committee also reviews an executive officer's base salary whenever there is a change in that executive officer's job responsibilities. The factors that influence base salary decisions are level and scope of responsibility, salary offered by comparably sized companies, overall performance of the individual and overall performance of Cintas.

The fiscal 2020 base salaries approved by the Compensation Committee for our named executive officers were as follows:

Name	Base Salary	Increase Over the Prior Fiscal Year
Scott D. Farmer	\$1,273,080	3.0%
J. Michael Hansen	\$ 593,250	5.0%
Todd M. Schneider	\$ 709,670	3.0%
Michael L. Thompson	\$ 534,240	5.0%
Thomas E. Frooman	\$ 567,706	3.0%

The increase over the prior fiscal year base salary for both Mr. Hansen and Mr. Thompson reflects an adjustment as a result of performance, as subjectively determined by the Compensation Committee. As a result of the COVID-19 pandemic and the related disruptions and uncertainties it has caused, the Compensation Committee determined that the fiscal 2021 base salaries for all named executive officers would be reduced by 10%, effective June 1, 2020.

Annual Cash Incentives

The Compensation Committee strongly believes that variable annual cash incentives provide a direct financial incentive for executive officers to achieve corporate and individual goals. Near the beginning of each fiscal year, the Compensation Committee establishes an annual cash incentive target for each participating named executive officer based on certain financial and non-financial goals.

The performance components and targets were derived from the operating plans for Cintas for fiscal 2020 and represent goals for that year that the Compensation Committee believed would be challenging for Cintas, yet achievable if senior and operating management met or surpassed their business unit goals and objectives.

The Compensation Committee anticipates that performance components and targets similar to those described below will be utilized in fiscal 2021 because these objectives are important, and Cintas continues to make progress on these objectives. However, the Compensation Committee reserves the right to determine on an ongoing basis the performance components and targets it will use in developing the performance-based portion of the named executive officers' compensation.

For fiscal 2020, the Compensation Committee approved a total compensation plan for Mr. Farmer and Mr. Schneider. The aggregate amount of annual cash incentive for fiscal 2020 for Mr. Farmer and Mr. Schneider was comprised of the financial objectives of fiscal 2020 Cintas EPS and fiscal 2020 sales growth and certain non-financial goals. The EPS and sales growth goals were established with reference to the operating plans for Cintas for fiscal 2020. The EPS goals for all participants were identical. The non-financial goals for Mr. Farmer related to safety, employee diversity, software implementation and corporate development. Mr. Schneider's non-financial goals related to safety, employee diversity, software implementation, customer and product expansion and customer online e-services.

Based upon the overall achievement of these objectives, Mr. Farmer could earn from 0% to a maximum of 184% of the target annual cash incentive, and Mr. Schneider could earn from 0% to a maximum of 185% of the target annual cash incentive (with the maximum for each officer reflecting 200% of the portion of the award related to EPS and sales growth and 100% of the portion of the award related to non-financial goals).

The following table summarizes the annual cash incentive target awards and performance criteria (including percentage weightings) that were reviewed and approved by the Compensation Committee:

Name	Annual Cash Incentive Target	EPS Component	Sales Growth Component	Non-Financial Component
Scott D. Farmer	\$1,273,080	41.75%	41.75%	16.50%
Todd M. Schneider	\$ 677,023	42.50%	42.50%	15.00%

Under the Management Incentive Plan, annual cash incentive calculations for achievement of financial goals are based on actual results, subject to adjustment at the discretion of the Compensation Committee to exclude extraordinary items that are not operational, such as accounting principle changes or revenue from an acquisition that was not in the business plan.

The potential annual cash incentive payout percentage multiplier for each component of Mr. Farmer's and Mr. Schneider's target annual cash incentive is provided in the following tables (for each participating named executive officer, annual cash incentive payouts were designed to be interpolated on a straight-line basis for achievement between the levels of achievement established for all components of the annual cash incentives):

EPS Component Level of Achievement	EPS Goals	Annual Cash Incentive Payout
Below Threshold	<\$7.93	0%
Threshold	\$7.93	25%
Target	\$8.35	100%
Maximum	\$8.93	200%

Sales Growth Component Level of Achievement	Sales Growth Goals (% Growth Over Prior Fiscal Year)	Annual Cash Incentive Payout
Below Threshold	<4.72%	0%
Threshold	4.72%	25%
Target	6.22%	100%
Maximum	9.22%	200%

Non-Financial Component Level of Achievement	Annual Cash Incentive Payout
Does Not Meet Goals	0%
Meets Most Goals	50%
Meets Goals	100%

The Grants of Plan-Based Awards for Fiscal 2020 table outlines estimated possible payouts under this non-equity incentive plan award. As previously discussed and agreed to by senior management and the Compensation Committee, due to the COVID-19 pandemic, Mr. Farmer and Mr. Schneider did not receive any annual cash incentive payouts, regardless of actual company or individual performance. Through the first three quarters of fiscal 2020, the COVID-19 pandemic did not have a significant impact on our business, and company results were expected to exceed targeted levels as outlined above. As of our third quarter, fiscal year to date sales growth was 7.2%, and diluted EPS from continuing operations for the nine month period increased 14.4% over the same period in fiscal 2019. However, efforts to contain the spread of COVID-19 intensified during our fiscal 2020 fourth quarter, and our total fiscal 2020 financial performance was negatively impacted. Sales growth for fiscal 2020 increased 2.8% over the prior year, and diluted EPS from continuing operations were \$8.11. Additionally, because no payouts would be made with respect to annual incentive awards for fiscal 2020, there was no evaluation completed of the non-financial goal achievements of Mr. Farmer and Mr. Schneider.

For fiscal 2020, the Compensation Committee also approved total compensation plans for Mr. Hansen, Mr. Thompson and Mr. Frooman. The aggregate amount of annual cash incentive payout for fiscal 2020 for Mr. Hansen, Mr. Thompson and Mr. Frooman were designed to be based on the sum of that named executive officer's earned incentive for the fiscal 2020 Cintas EPS component and the individual performance component (consisting of a subjective performance evaluation rather than performance against specified individual performance goals). Based upon overall performance, the eligible named executive officers could earn from 0% to a maximum of 200% of the annual cash incentive target.

The following table summarizes the annual cash incentive target awards and performance criteria (including percentage weightings) that were reviewed and approved by the Compensation Committee:

Name	Annual Cash Incentive Target	EPS Component	Individual Performance Component
J. Michael Hansen	\$440,193	50%	50%
Michael L. Thompson	\$424,742	50%	50%
Thomas E. Frooman	\$270,830	50%	50%

Mr. Hansen's annual cash incentive target for fiscal 2020 increased 3.8% and over his prior fiscal year annual cash incentive target due to his performance, as subjectively evaluated by the Compensation Committee. Mr. Thompson's annual cash incentive target for fiscal 2020 increased 5.0% over his prior fiscal year annual cash incentive target due to his performance, as subjectively evaluated by the Compensation Committee.

The potential annual cash incentive payout percentage multiplier for each component of Mr. Hansen's, Mr. Thompson's and Mr. Frooman's target annual cash incentive is provided in the following tables (for each participating named executive officer, annual cash incentive payouts were designed to be interpolated on a straight-line basis for achievement between the levels of achievement established for all components of the annual cash incentives):

EPS Component Level of Achievement	EPS Goals	Annual Cash Incentive Payout
Below Threshold	<\$7.93	0%
Threshold	\$7.93	50%
Target	\$8.35	100%
Maximum	\$8.93	200%

Individual Performance Component Level of Achievement	Annual Cash Incentive Payout
Does Not Meet Goals	0%
Meets Most Goals	50%
Meets Goals	100%
Exceeds Goals	150%
Outstanding Achievement	200%

The Grants of Plan-Based Awards for Fiscal 2020 table outlines estimated possible payouts under these non-equity incentive plan awards. As previously discussed and agreed to by senior management and the Compensation Committee, due to the COVID-19 pandemic, Mr. Hansen, Mr. Thompson and Mr. Frooman did not receive any annual cash incentive payouts, regardless of actual company or individual performance. Through the first three quarters of fiscal 2020, the COVID-19 pandemic did not have a significant impact on our business, and company results were expected to exceed targeted levels as outlined above. As of our third quarter, fiscal year to date sales growth on our continuing operations was 7.2%, and diluted EPS from continuing operations for the nine month period increased 14.4% over the same period in fiscal 2019. However, efforts to contain the spread of COVID-19 intensified during our fiscal 2020 fourth quarter, and our total fiscal 2020 financial performance was negatively impacted. Diluted EPS from continuing operations was \$8.11 for fiscal 2020. Additionally, because no payouts would be made with respect to annual incentive awards for fiscal 2020, there was no evaluation completed of the individual performance achievements of Mr. Hansen, Mr. Thompson and Mr. Frooman.

Long-Term Equity Incentives

Long-term equity incentive compensation is comprised of opportunities to earn non-qualified stock options, restricted stock units and/or restricted stock. With respect to the participating named executive officers, these awards are made pursuant to Compensation Committee decisions substantially along lines as described above for the Management Incentive Plan. The purpose of such awards is to incentivize named executive officers to profitably grow Cintas' long-term business objectives and encourage named executive officers to build and maintain a long-term equity ownership position in Cintas so that their interests are aligned with those of our shareholders.

The amount of equity awards for which Mr. Farmer and Mr. Schneider were eligible was based on a target level of Cintas' fiscal 2020 EPS and a target level of Cintas' fiscal 2020 sales growth. After the award was calculated by the Compensation Committee, the form of grant for fiscal 2020 was chosen to be restricted stock for Mr. Farmer, and for Mr. Schneider, 75% of his award was chosen to be stock options and 25% was chosen to be restricted stock.

The amount of equity awards for which Mr. Hansen, Mr. Thompson and Mr. Frooman were eligible was based on a target level of Cintas' fiscal 2020 EPS and individual achievement. Mr. Hansen, Mr. Thompson and Mr. Frooman received 75% of their award in stock options and 25% of their award in restricted stock as determined by the Compensation Committee.

With respect to the target award percentage multiplier tied to each milestone level of achievement, the EPS component for all named executive officers, the sales growth component for Mr. Farmer and Mr. Schneider and the individual achievement components for Mr. Hansen, Mr. Thompson and Mr. Frooman were considered by the Compensation Committee on a basis identical to the tables shown previously under the Annual Cash Incentives section.

The factors that influence the determination of equity grant targets include level of responsibility, market compensation analysis and overall performance of the individual. The Compensation Committee reviewed and approved the targets at the beginning of the fiscal year. Generally, the awards are granted based upon that named executive officer's performance compared to the targets. However, due to the impact of the COVID-19 pandemic on the operations of the Company and considering the actual results through our fiscal third quarter, the Compensation Committee decided that for fiscal 2020, the named executive officers would be awarded grants at the target level, regardless of performance achievement with respect

to the goals set at the beginning of the fiscal year. As of our third quarter, fiscal year to date sales growth was 7.2%, and the growth of diluted EPS from continuing operations for the nine month period was 14.4%, thus awarding grants at the target level was deemed reasonable as it will continue to provide long-term incentives to our named executive officers, while also maintaining focus on our future efforts to reward both individual and team performance, measured by overall Cintas results and individual achievement.

On July 28, 2020, Mr. Schneider, Mr. Hansen, Mr. Thompson and Mr. Frooman were awarded 12,336, 7,401, 6,990 and 7,131 non-qualified stock options, respectively, under the 2016 Equity and Incentive Compensation Plan (2016 Plan), which represented each named executive officer's target award as outlined under the Grants of Plan-Based Awards for Fiscal 2020 table. Regarding Mr. Farmer's awards, with consideration that Mr. Farmer is over the age of 55, the Compensation Committee determined to award Mr. Farmer time-based restricted stock. On July 28, 2020, Mr. Farmer was awarded 18,515 shares of restricted stock under the 2016 Plan, which represented his target award as outlined under the Grants of Plan-Based Awards for Fiscal 2020 table. These shares were awarded as Mr. Farmer's long-term equity awards. Also on July 28, 2020, Mr. Schneider, Mr. Hansen, Mr. Thompson and Mr. Frooman were awarded 4,112, 2,467, 2,330 and 2,377 shares of restricted stock, respectively, under the 2016 Plan, which represented each named executive officer's target award as outlined under the Grants of Plan-Based Awards for Fiscal 2020 table.

In accordance with the 2016 Plan, stock option awards have an exercise price equal to the closing stock price on the date of the award. As a result, stock options awarded to the named executive officers increase in value only if the market price of the common stock increases. Stock options generally vest at a rate of 33% per year, beginning on the third anniversary of the date of grant and ending on the fifth anniversary of the date of grant. Restricted stock for named executive officers generally vests three years from the date of grant.

Health, Retirement and Other Benefits

Cintas' benefits program includes retirement plans and group insurance plans. The objective of our group insurance plans is to provide our executive officers with reasonable and competitive levels of protection from events which could interrupt the executive officer's employment and/or income received as an active employee-partner.

The retirement plans offered to executive officers include Cintas' Partners' Plan and the Deferred Compensation Plan. The Partners' Plan is a noncontributory employee stock ownership plan and profit sharing plan with a 401(k) savings feature which covers substantially all employee-partners. The Deferred Compensation Plan is discussed in more detail in the Nonqualified Deferred Compensation for Fiscal 2020 table of this proxy statement, and its accompanying narrative and footnotes.

Executive perquisites are kept by the Compensation Committee to a minimal level and do not play a significant role in executive compensation. These benefits and their incremental cost to Cintas are described in the Fiscal 2020 Summary Compensation Table and its footnotes. The Compensation Committee believes these perquisites to be reasonable, comparable with peer companies and consistent with Cintas' overall compensation practices.

Stock Ownership Guidelines

The Compensation Committee believes that Cintas' named executive officers should own particular amounts of shares of stock to align their long-term objective of managing Cintas with the interests of Cintas' shareholders. The Compensation Committee has adopted a stock ownership requirement for the named executive officers. Each named executive officer is required to maintain a minimum equity stake in Cintas stock based on his job position.

The following table shows the stock ownership requirements for the named executive officers:

Officer	Minimum Ownership Requirement (Multiple of Base Salary)
Chief Executive Officer	6x
Chief Financial Officer	3x
Chief Operating Officer	3x
Chief Administrative Officer	3x
Senior Vice President, Secretary, and General Counsel	3x

The guidelines are assessed annually and are determined based on the current market practice and utilizing the respective named executive officer's base salary and closing stock price on the last day of the fiscal year. The named executive officers are notified about their ownership requirements annually. All newly hired or promoted named executive officers will have seven years from the time of hiring or promotion to achieve the minimum ownership requirement. Currently, all named executive officers are in compliance with their ownership requirements.

For purposes of these requirements, stock ownership includes: (i) stock held outright by the named executive officer (or his spouse or dependents); (ii) stock held beneficially through the Partners' Plan; (iii) stock held in an individual brokerage account; (iv) stock granted to the named executive officer but not yet vested (i.e., restricted stock or restricted stock units); and (v) stock obtained through stock option exercise. Failure to meet or to show sustained progress toward meeting the ownership requirements may result in a reduction in future annual and/or long-term cash incentive payouts in the form of stock. Exceptions to these stock ownership requirements may be made at the discretion of the Compensation Committee if compliance would create a severe hardship.

Anti-Hedging Policy

Pursuant to our Insider Trading Policy, we have prohibited certain employees, including our officers, from purchasing any financial instrument or engaging in any other transaction, such as a zero-cost collar or a forward sale contract, that is designed to hedge or offset any decrease in the market value of Cintas securities. Our Insider Trading Policy also prohibits our officers from participating in short sales of Cintas securities and from participating in a transaction involving options, such as puts, calls or other derivative securities, involving Cintas securities, unless approved in advance by our Chief Executive Officer in connection with a planned retirement from Cintas. Such prohibitions apply to Cintas securities granted to the employee as part of compensation or otherwise held, directly or indirectly, by the employee. Currently, all named executive officers are in compliance with this anti-hedging policy.

Change in Control Agreements

Cintas has no policy regarding change in control agreements. For a further discussion on this topic, please see the section titled "Potential Payments Upon Termination, Retirement or Change of Control" of this proxy statement.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits federal income tax deductibility to \$1 million for certain compensation paid to certain of our executive officers (and, beginning in 2018, certain former executive officers). Historically, compensation that qualified as "performance-based compensation" could be excluded from this \$1 million limit. This exception has now been repealed, effective for taxable years beginning after December 31, 2017, except for certain compensation arrangements in place as of November 2, 2017 for which transition relief is potentially available. We have from time to time structured certain elements of executive compensation to be potentially tax deductible under Section 162(m) as in effect prior to 2018, including where we believed it was in Cintas' best interests and the best interests of shareholders. However, this tax deductibility was only one of several relevant considerations in setting compensation. We will continue to design and maintain executive compensation arrangements that we believe will attract and retain the executive talent that we need to compete successfully, even if in certain cases such compensation is not deductible for federal income tax purposes. In addition, because of the uncertainties associated with the application and interpretation of Section 162(m) and its related regulations, there can be no assurance that compensation that was intended to satisfy the requirements for deductibility under Section 162(m) will in fact be deductible.

Recovery of Prior Awards

The Compensation Committee has adopted a claw-back policy, which provides that in the event of an accounting restatement due to material noncompliance with financial reporting requirements under the U.S. federal securities laws, the Compensation Committee has the right to use reasonable efforts to recover from any of our current or former officers who received incentive-based compensation (including annual cash incentives, non-qualified stock options or restricted stock) during the three-year period preceding the date on which Cintas is required to prepare an accounting restatement, any excess incentive based compensation awarded as a result of the misstatement. This policy applies to incentive based compensation granted after June 1, 2011. This claw-back policy is intended to be interpreted (or in future years revised) in a manner consistent with any applicable rules or regulations adopted by the SEC or NASDAQ as contemplated by Section 10D of the Securities Exchange Act of 1934 and any other applicable law and shall otherwise be interpreted in the best business judgment of the Compensation Committee.

- (1) Mr. Farmer and Mr. Schneider are eligible for an annual cash incentive and a long-term equity incentive award based on the achievement of targeted fiscal 2020 Cintas EPS and fiscal 2020 sales growth. Mr. Farmer and Mr. Schneider are also eligible for an annual cash incentive based on the accomplishment of non-financial goals outlined by the Compensation Committee. If Cintas meets the targeted EPS and targeted sales growth and the named executive officer achieves his non-financial goals, he will receive the targeted amount for the annual cash incentive. The portion of the annual cash incentive related to EPS and sales growth can decrease to 0% or increase up to 200%. The portion of the annual cash incentive related to the non-financial performance goals can decrease to 0% but not exceed the targeted amount, depending on the extent to which these goals are achieved. If the goals up to a certain level are not met, no incentive will be paid. Restricted stock and non-qualified stock options are granted pursuant to the terms and conditions of the 2016 Plan based on achievement against fiscal 2020 EPS and sales growth goals.
- (2) Mr. Hansen, Mr. Thompson and Mr. Frooman are eligible for an annual cash incentive and a long-term equity incentive award based on the achievement of targeted fiscal 2020 Cintas EPS and individual performance component (consisting of a subjective performance evaluation rather than performance against specified individual performance goals). If Cintas meets the targeted EPS and the named executive officer achieves his individual goals, he will receive the targeted amount. This amount can decrease to 0% or increase up to 200% of the target depending on the extent to which EPS and individual goals are achieved. If the goals up to a certain level are not met, no incentive will be paid. Restricted stock and non-qualified stock options are granted pursuant to the terms and conditions of the 2016 Plan based on achievement against fiscal 2020 EPS goals and individual achievement.
- (3) With consideration that Mr. Farmer is over the age of 55, the Compensation Committee determined that Mr. Farmer's awards would be paid in restricted stock. Restricted stock generally vests after three years from the date of the grant and is settled in shares.
- (4) Represents stock option portion of the fiscal 2020 equity opportunity. Stock options generally vest at a rate of 33% per year, beginning on the third anniversary of the date of grant and ending on the fifth anniversary of the date of grant.
- (5) Represents restricted stock portion of the fiscal 2020 equity opportunity, actual grants under which will generally vest three years from the date of actual grant.

- (6) The exercise price of the option portion of the fiscal 2020 equity opportunity is equal to the closing stock price on the date of actual grant. See page 25 for more information.
- (7) Amounts shown in this column represent the grant date fair value of stock and option awards calculated in accordance with ASC 718. The fair value of stock awards was determined by using the closing stock price on the date of the grant. The fair value of option awards was determined using the Black-Scholes model.

**NONQUALIFIED DEFERRED
COMPENSATION FOR FISCAL 2020**

Our named executive officers are eligible to participate in a Deferred Compensation Plan. This Deferred Compensation Plan permits a group of highly compensated employee-partners of Cintas to defer the receipt of current year compensation which they have earned during the year. This Deferred Compensation Plan is intended to assist Cintas in the retaining and attracting of individuals of exceptional ability.

Our named executive officers may elect to defer up to 75% of their base salary and up to 90% of their earned annual cash incentive awards. Amounts deferred are credited to the named executive officer's account under the Deferred Compensation Plan and are fully vested.

Future payments are distributed in a lump sum or in annual installments, based on the choice of the named executive officer. If the form of payment selected provides for subsequent payments, subsequent payments will be made on the anniversary of the initial payment. All amounts are payable in a lump sum if the named executive officer terminates employment prior to meeting the definition of retirement; should they meet the definition of retirement, the balance will be distributed as elected. All distribution decisions and payments under the Deferred Compensation Plan are subject to compliance with Section 409A of the Internal Revenue Code.

While deferred, amounts are credited with "earnings" as they were invested as the named executive officers chose in one or more investment options available under the Deferred Compensation Plan. The named executive officers' accounts under the Deferred Compensation Plan will be adjusted from time to time, up or down, depending upon performance of the investment options chosen.

The following table provides information relating to the activity in the Deferred Compensation Plan accounts of the named executive officers during fiscal 2020 and the aggregate balance of the accounts as of May 31, 2020:

Name	Executive Contributions in Last FY ⁽¹⁾ (\$)	Aggregate Earnings in Last FY ⁽²⁾ (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at May 31, 2020 ⁽³⁾ (\$)
Scott D. Farmer	—	950,170	—	10,524,763
J. Michael Hansen	5,927	35,977	—	701,416
Todd M. Schneider	—	314,064	—	4,123,952
Michael L. Thompson	—	183,661	(284,256)	2,020,965
Thomas E. Frooman	102,468	2,619	(1,908)	129,605

(1) Executive contributions are included in the named executive officer's salary and/or non-equity incentive plan compensation, as applicable and as presented in the Fiscal 2020 Summary Compensation Table.

(2) Reflects the amount of earnings during fiscal 2020 based on the performance of the investment options chosen by the named executive officer. None of these amounts are included in the Fiscal 2020 Summary Compensation Table.

(3) Include contributions previously reported in the Summary Compensation Tables for prior years as follows: \$7,457,678 for Mr. Farmer, \$316,448 for Mr. Hansen, \$81,152 for Mr. Schneider, \$325,345 for Mr. Thompson and \$27,459 for Mr. Frooman.

POTENTIAL PAYMENTS UPON TERMINATION, RETIREMENT OR CHANGE OF CONTROL

Payments Made Upon Termination

Regardless of the manner in which an executive officer's employment terminates, except for a "for cause" termination, they are entitled to receive amounts earned during their term of employment. Such amounts include:

- except as otherwise described below, the right to exercise within 60 days of termination all vested stock options granted under Cintas' equity compensation plans as reflected in the Outstanding Equity Awards at Fiscal 2020 Year-End table;
- amounts contributed, earned and vested under the Cintas Partners' Plan; and
- amounts contributed and earned under the Deferred Compensation Plan as reflected in the Nonqualified Deferred Compensation for Fiscal 2020 table.

In addition, if Cintas elects to terminate an executive officer, they will receive four weeks' written notice or four weeks of base salary instead of notice. Generally, Cintas makes no payments to executives terminated for cause. Cintas has no other policy regarding severance payments.

Payments Made Upon Retirement

If an executive officer retires as defined in the applicable plans, they are entitled to receive amounts earned during their term of employment. Such amounts include:

- vested non-qualified stock options granted under the Company's 2005 Equity Compensation Plan (plus stock options, stock appreciation rights and other performance-based equity awards granted under the 2016 Plan) would maintain the standard grant expiration date which is 10 years from the grant issuance date, restricted stock awards granted under the 2016 Plan immediately vest upon retirement in accordance with the 2016 Plan;
- amounts contributed, earned and vested under the Cintas Partners' Plan; and
- amounts contributed and earned under the Deferred Compensation Plan as reflected in the Nonqualified Deferred Compensation for Fiscal 2020 table.

Cintas has no overarching policy regarding retirement arrangements.

Payments Made Upon Death or Disability

In the event of the death or disability of an executive officer, in addition to the benefits listed under the heading "Payments Made Upon Retirement" above for the Cintas Partners' Plan and Deferred Compensation Plan, the named executive officer will receive benefits under Cintas' disability plan or payments under Cintas' life insurance plan, as appropriate. In the event of death, outstanding equity awards granted under the Company's 2005 Equity Compensation Plan will immediately vest, and outstanding equity awards granted under the 2016 Plan will continue vesting in accordance with the terms of the 2016 Plan. In the event of disability, outstanding equity awards granted under the Company's 2005 Equity Compensation Plan or the 2016 Plan will continue to vest in accordance with the applicable plan. These payments are generally available to all employee-partners.

Payments Made Upon a Change of Control

Cintas has no overarching policy regarding payments made upon a change of control. Assuming that outstanding equity awards are assumed or converted into replacement awards in connection with a change of control, such awards would vest in full in the event that the grantee is terminated without cause (or, for awards granted under the 2016 Plan, resigns for good reason) within 24 months following the change of control.

CEO PAY RATIO

For fiscal 2020, the ratio of the annual total compensation of Mr. Farmer, our CEO (CEO Compensation), to the median of the annual total compensation of all employee-partners of Cintas and its consolidated subsidiaries, other than the CEO (Median Annual Compensation), was approximately 120 to 1. We note that, due to our permitted use of reasonable estimates and assumptions in preparing this pay ratio disclosure, the disclosure may involve a degree of imprecision, and thus this ratio disclosure is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K using the data and assumptions described below. Our calculation of the pay ratio may be different than the pay ratios of other public companies as a result of different methodologies used to determine the pay ratios. As a result, we would discourage the use of reported ratios as a basis for any comparison between companies.

In this summary, we refer to the employee-partner who received the Median Annual Compensation as the “Median Employee-Partner.” For purposes of this pay ratio disclosure, the date used to identify the Median Employee-Partner was May 25, 2018 (the Determination Date). The CEO Compensation for purposes of this pay ratio disclosure was \$6,698,520 for fiscal 2020, which is the amount reported for Mr. Farmer in the “Total” column of the Fiscal 2020 Summary Compensation Table. Additionally, for purposes of this pay ratio disclosure, the Median Annual Compensation for fiscal 2020 was \$55,712 and was calculated in accordance with Item 402(c)(2)(x) of Regulation S-K.

We continued to rely on our fiscal 2018 methodology and its determination of the Median Employee-Partner because there were no changes to the composition of our employee-partner population in fiscal 2020 that we reasonably believe would result in a significant change to our pay ratio disclosure. Additionally, although Mr. Farmer did not receive an annual cash incentive in fiscal 2020, as previously discussed in the section entitled “Executive Compensation”, which impacted his total compensation for fiscal 2020, there were no other changes to our compensation arrangements in fiscal 2020 that we reasonably believe would result in a significant change to our pay ratio disclosure. Due to the fact that the employee-partner originally identified as the Median Employee-Partner was no longer employed by the Company, we picked a new Median Employee-Partner whose compensation was substantially similar to that of the original Median Employee-Partner in fiscal 2018.

To identify the Median Employee-Partner, we first measured compensation for the period beginning on January 1, 2018 and ending on May 25, 2018 (measurement period) for approximately 41,000 employee-partners, representing all full-time, part-time, seasonal and temporary employee-partners of the Company and its consolidated subsidiaries as of the Determination Date. This number does not include any independent contractors or “leased” workers, as permitted by the applicable SEC rules. This number does not exclude any employee-partners of businesses acquired by us or combined with us. Also, as permitted by SEC rules, under the 5% “de minimis exemption,” we excluded all non-U.S. and non-Canadian employee-partners, which represent less than 5% of our total workforce. The excluded employee-partners consisted of approximately 800 employee-partners in Mexico, approximately 600 employee-partners in Honduras, approximately 300 employee-partners in China and approximately 10 employee-partners in the United Kingdom. This compensation measurement was calculated by totaling salary and wages for each employee-partner for the measurement period. Specifically excluded from the calculation were the value of equity and equity-based awards, as such awards are not widely distributed to our employee-partner population. Further, we did not utilize any statistical sampling or cost-of-living adjustments for purposes of this pay ratio disclosure. A portion of our employee-partner workforce (full-time and part-time) identified above worked for less than the full measurement period due to commencing employment during that period. In determining the Median Employee-Partner, we extrapolated the compensation measure over the full measurement period for such individuals (but avoided creating full-time equivalencies) based on reasonable assumptions and estimates relating to our employee-partner compensation program.

**NONEMPLOYEE DIRECTOR
COMPENSATION FOR FISCAL 2020**

Effective October 2019, the Compensation Committee approved increases to the nonemployee director compensation. Directors who are not employees of Cintas receive an \$84,000 cash annual retainer, payable in quarterly installments. Audit Committee members and Compensation Committee members also receive a cash annual retainer, payable in quarterly installments, of \$12,500 and \$11,500, respectively. The Nominating and Corporate Governance Committee Chairman, Audit Committee Chairman and Compensation Committee Chairman receive an additional fee, payable quarterly, of \$25,000, \$22,000 and \$15,000, respectively.

Prior to October 2019, the following nonemployee director compensation amounts were effective: Directors received a \$58,700 cash annual retainer, payable in quarterly installments, plus an additional \$4,000 for each meeting attended. Such directors also received \$2,000 for each telephonic meeting attended. Committee members also received \$1,800 for each committee meeting attended and \$900 for each telephonic committee meeting attended. The Nominating and Corporate Governance Committee Chairman, Audit Committee Chairman and Compensation Committee Chairman received an additional fee, payable in quarterly installments, of \$16,000, \$12,900 and \$9,600, respectively.

It is Cintas' practice that the Lead Director chair the Nominating and Corporate Governance Committee. Directors are also reimbursed for reasonable out-of-pocket travel expenses incurred in connection with attendance at Board or committee meetings. Directors who are employees of Cintas are not separately compensated for serving as directors.

Also for fiscal 2020, upon annual election or appointment to the Board, directors received restricted stock valued at approximately \$70,000 based on the closing market price of Cintas common stock on the date of the grant and options to purchase Cintas common stock valued at approximately \$70,000 based on the fair value of these options estimated at the date of the grant using a Black-Scholes option-pricing model. The value of the grants is prorated for directors appointed to the Board in the middle of the year. Each nonemployee director was therefore granted 255 shares of restricted stock and options to purchase 1,347 shares of Cintas common stock at an exercise price equal to the closing market price on the date of grant of October 29, 2019. Both restricted stock awards and stock options granted to directors generally vest 100% after one year from the date of the grant.

Nonemployee directors may choose to defer all or part of the cash compensation into Cintas common stock equivalents with dividends or into a deferred account that earns interest at a rate equal to one-year U.S. treasury bills, determined as of the preceding December 31, increased by 100 basis points. Deferred fees are payable either in a lump sum or in 12 to 120 monthly installments beginning in the month selected by the director, but in no case later than the first month after the director leaves the Board.

The following table details fiscal 2020 compensation paid to nonemployee directors:

Name	Fees Earned or Paid in Cash ⁽¹⁾ (\$)	Stock Awards ⁽²⁾ (\$)	Option Awards ⁽²⁾ (\$)	Total (\$)
Gerald S. Adolph	98,925	70,003	70,044	238,972

⁽¹⁾ Represents the amount of cash compensation earned in fiscal 2020 for Board and committee service. A director may choose to have all or part of his or her cash compensation deferred in the form of Cintas stock or one-year U.S. treasury bills plus 100 basis points. The directors who invested in Cintas stock would receive earnings equal to any other

shareholder who invested like money at the same time during fiscal 2020. Mr. Adolph, Mr. Barrett, Ms. Carnahan, Mr. Coletti and Mr. Johnson chose to receive all or a portion of their fees in Cintas stock as described above. Mr. Adolph received 396 shares, Mr. Barrett received 386 shares, Ms. Carnahan received 375 shares, Mr. Coletti received 334 shares and Mr. Johnson received 382 shares.

- (2) The amounts reported for restricted stock and stock options is the aggregate grant date fair value of awards granted during the fiscal year calculated in accordance with the stock-based compensation accounting rules set forth in ASC 718. For more information on the assumptions used, see Note 12 of the Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended May 31, 2020.

Stock Ownership Guidelines

The Compensation Committee believes that Cintas' nonemployee directors should own particular amounts of shares of common stock to align their long-term objective of managing Cintas with the interests of Cintas' shareholders. The Compensation Committee has adopted a stock ownership requirement for the nonemployee directors. Each nonemployee director is required to maintain a minimum equity stake in Cintas stock equivalent to five times the annual cash retainer.

The guidelines are assessed annually and are determined based on the current market practice and utilizing the cash retainer and closing common stock price on the last day of the fiscal year. All newly appointed directors will have five years from the time of appointment to achieve the minimum ownership requirement. Currently, all directors are in compliance with their ownership requirements.

For purposes of these requirements, stock ownership includes: (i) stock held outright by the nonemployee director (or his spouse or dependents); (ii) stock held in an individual brokerage account; (iii) stock granted to the director but not yet vested (in other words, restricted stock); and (iv) stock obtained through stock option exercise. Exceptions to these stock ownership requirements may be made at the discretion of the Compensation Committee if compliance would create a severe hardship.

Anti-Hedging Policy

Pursuant to our Insider Trading Policy, we have prohibited our directors from purchasing any financial instrument or engaging in any other transaction, such as a zero-cost collar or a forward sale contract, that is designed to hedge or offset any decrease in the market value of Cintas securities. Our Insider Trading Policy also prohibits our directors from participating in short sales of Cintas securities and from participating in a transaction involving options, such as puts, calls or other derivative securities, involving Cintas securities, unless approved in advance by our Chairman of the Board and Chief Executive Officer in connection with a planned retirement from Cintas. Such prohibitions apply to Cintas securities granted to the directors as part of compensation or otherwise held, directly or indirectly, by each director. Currently, all directors are in compliance with this anti-hedging policy.

RELATED PERSON TRANSACTIONS

Cintas Corporation has a 25% interest in a corporate airplane with an entity owned by the family of its Chairman of the Board and CEO, Scott D. Farmer. This arrangement began on February 23, 2006. Cintas manages the airplane under an operating agreement whereby each party pays their own operating expenses for use of the plane, and common costs are shared based on ownership percentages. For fiscal 2020, Cintas was reimbursed \$2,042,326 under this arrangement.

Cintas engages Keating Muething & Klekamp PLL for a variety of legal services. Robert E. Coletti, a retired partner emeritus of the firm, is a member of the Board and an in-law of Mr. Farmer. Cintas paid the firm fees of \$4,633,435 for legal services during the fiscal year ended May 31, 2020. Mr. Coletti does not receive any direct compensation from fees paid by Cintas to the firm.

Joseph Automotive Group engages Cintas for a variety of services. George R. Joseph, a principal and part owner, is an in-law of Mr. Farmer and Mr. Coletti. Joseph Automotive Group paid Cintas fees of \$354,906 for services provided during the fiscal year ended May 31, 2020. Mr. Joseph does not receive any direct compensation from services provided by Cintas.

Certain stock exchange rules require Cintas to conduct an appropriate review of all related party transactions (those required to be disclosed by Cintas pursuant to SEC Regulation S-K Item 404) for potential conflict of interest situations on an ongoing basis and that all such transactions must be approved by the Audit Committee or another committee comprised of independent directors. As a result, the Audit Committee annually reviews all such related party transactions and approves such related party transactions only if it determines that it is in the best interests of Cintas. In considering the transaction, the Audit Committee may consider all relevant factors, including as applicable, (i) Cintas' business rationale for entering into the transaction; (ii) the alternatives to entering into a related person transaction; (iii) whether the transaction is on terms comparable to those available to third parties, or in the case of employment relationships, to employees generally; (iv) the potential for the transaction to lead to an actual or apparent conflict of interest and any safeguards imposed to prevent such actual or apparent conflicts; and (v) the overall fairness of the transaction to Cintas.

While Cintas adheres to this policy for potential related person transactions, the policy is not in written form (other than as part of listing agreements with stock exchanges to the extent required). However, approval of such related person transactions is evidenced by Audit Committee resolutions in accordance with our practice of approving transactions in this manner.

**APPROVAL, ON AN ADVISORY BASIS, OF
NAMED EXECUTIVE OFFICER COMPENSATION
(Item 2 on the Proxy Card)**

The Board is committed to excellence in governance. As part of that commitment, and as required by Section 14A of the Securities Exchange Act of 1934, the Board is providing our shareholders with an opportunity to vote to approve, on an advisory basis, named executive officer compensation, which is commonly known as “say-on-pay.” We are currently conducting say-on-pay votes every year and expect to hold the next say-on-pay vote in connection with our 2021 Annual Meeting of Shareholders.

We are asking our shareholders to indicate their support for the compensation of our named executive officers as described in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the executive compensation program and practices described in this proxy statement. Please read the Compensation Discussion and Analysis and the executive compensation tables and narrative disclosure for a detailed explanation of our executive compensation program and practices. In 2019, our shareholders approved, on an advisory basis, the compensation of our named executive officers with a “FOR” vote of more than 97% of the votes cast. Accordingly, we are asking our shareholders to vote “FOR” the following resolution:

Resolved, that the compensation of the named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this proxy statement, is hereby approved.

As an advisory vote, this proposal is not binding on Cintas. However, the Compensation Committee of our Board, which is responsible for designing and administering our executive compensation program and practices, values the opinions expressed by shareholders in their vote on this proposal, and expects to consider the outcome of the vote when making future compensation decisions for named executive officers.

YOUR BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THIS PROPOSAL.

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Item 3 on the Proxy Card)**

We are asking shareholders to ratify the appointment of Ernst & Young LLP as Cintas Corporation's independent auditors for the year ending May 31, 2021. The Audit Committee annually considers the independence, qualifications and performance of Ernst & Young LLP. Such consideration includes reviewing the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board (PCAOB) regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and discussing with Ernst & Young LLP their independence. The Audit Committee periodically reviews and evaluates the performance of Ernst & Young LLP's lead audit partner, oversees the required rotation of Ernst & Young LLP's lead audit partner responsible for the Company's audit and reviews and considers the selection of the lead audit partner. In addition, in order to help ensure auditor independence, the Audit Committee periodically considers whether there should be a rotation of the Company's independent registered public accounting firm.

In fiscal 2020, the Audit Committee also considered several factors in deciding whether to re-engage its independent registered public accounting firm including the length of time Ernst & Young LLP has served as the Company's independent auditors, Ernst & Young LLP's general reputation for adherence to professional auditing standards, the breadth and complexity of the Company's business and its global scope and the resulting demands placed on the Company's auditing firm in terms of expertise in the Company's business, the quantity and quality of Ernst & Young LLP's staff and the Company's global reach.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that they will be available to respond to appropriate questions.

Although shareholder ratification of Ernst & Young LLP is not required by law, the Board believes it is advisable to provide shareholders an opportunity to ratify this selection. In the event that shareholders fail to ratify the appointment of Ernst & Young LLP, the Audit Committee may reconsider the appointment, but is not required to do so. Even if the appointment of Ernst & Young LLP is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year should it determine that such change is in the best interests of the Company and its stockholders.

YOUR BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THIS PROPOSAL.

**SHAREHOLDER PROPOSAL REGARDING
REPORT ON POLITICAL CONTRIBUTIONS
(Item 4 on the Proxy Card)**

The International Brotherhood of Teamsters General Fund, whose address and share ownership information are available upon request as described on page 39, has notified the Company of its intention to offer the following proposal for consideration at the Annual Meeting.

Resolved, that the shareholders of Cintas Corporation (Cintas or Company), hereby request that the Company provide a report, updated semiannually, disclosing the Company's:

1. Policies and procedures for making, with corporate funds or assets, contributions and expenditures (direct or indirect) to: (a) participate or intervene in any campaign on behalf of (or in opposition to) any candidate for public office, or (b) influence the general public, or any segment thereof, with respect to an election or referendum.
2. Monetary and non-monetary contributions and expenditures (direct or indirect) used in the manner described in section 1 above, including: (a) the identity of the recipient as well as the amount paid to each, and (b) the title(s) of the person(s) in the Company responsible for decision-making.

The report shall be presented to the board of directors or relevant board committee and posted on the Company's website within 12 months from the date of the annual meeting. This proposal does not encompass lobbying spending.

Supporting Statement:

As long-term shareholders of Cintas, we support transparency and accountability in corporate electoral spending. This includes any activity considered intervention in a political campaign under the Internal Revenue Code, such as, direct and indirect contributions to political candidates, parties or organizations, and independent expenditures or electioneering communications on behalf of federal, state or local candidates.

Disclosure is in the best interest of the Company and its shareholders. The Supreme Court recognized this in its 2010 Citizens United decision, which said, "Disclosure permits citizens and shareholders to react to the speech of corporate entities in a proper way. This transparency enables the electorate to make informed decisions and give proper weight to different speakers and messages."

Relying on publicly available data does not provide a complete picture of the Company's electoral spending. For example, the Company's payments to trade associations that may be used for election-related activities are undisclosed and unknown. This proposal asks the Company to disclose all of its electoral spending, including payments to trade associations and other tax-exempt organizations, which may be used for electoral purposes. This would bring our Company in line with a growing number of leading companies, including United Parcel Service Inc., General Mills Inc. and International Paper Co., which present this information on their website.

The Company's Board and shareholders need comprehensive disclosure to fully evaluate the use of corporate assets in elections.

We urge your support FOR this critical governance reform.

Board's Statement in Opposition to this Proposal

The Company believes disclosure requirements outlined by federal and state laws are adequate. In addition, they are equitable as they require the same level of disclosure from all participants in the political process.

Public policy issues have the potential to impact our business, our employee-partners and the communities in which we operate. Therefore, we believe that in certain cases it may be appropriate and in our best interest to participate in the political process to both protect and promote our business, our employee-partners and these communities. Cintas, like many labor unions, companies and other entities, engages in the political process by providing financial support to candidates and political organizations that understand the necessity of fair and balanced public policy. In making political contributions, Cintas is fully committed to complying with all applicable federal, state and local campaign finance and lobbying laws, including laws requiring public disclosure of political contributions and lobbying expenses to state and federal agencies. Thus, we believe that ample information about our contributions is already publicly available.

We also provide an opportunity for our employee-partners to participate in the political process by joining the Cintas Corporation Partners PAC, a political action committee, which we refer to as the "PAC." The PAC's political contributions are reported monthly to the Federal Election Commission and are a matter of public record at www.fec.gov. Members of our management, including officers, directors, general managers and distribution center managers, decide which candidates, campaigns and committees the PAC will support based on a nonpartisan effort to promote and protect the interests of our employee-partners, shareholders and the industry. The political contributions made by the PAC are funded entirely by the voluntary contributions of our employee-partners and no corporate funds are used.

To the extent the proponent believes that current law requires inadequate disclosure from all parties, we believe that the U.S. Congress, Executive Branch and state and local governments are the appropriate recipients of the proponent's specific positions on political contribution disclosure laws and any reforms they seek. Cintas should not be held to a different standard than other groups.

After careful consideration, the Board concluded that the adoption of this proposal is not necessary. If adopted, we believe that the proposal would cause us to incur undue cost and administrative burden without commensurate benefit to our shareholders.

**FOR THESE REASONS, YOUR BOARD UNANIMOUSLY RECOMMENDS
A VOTE AGAINST THIS SHAREHOLDER PROPOSAL.**

Proxies given without instructions will be voted "AGAINST" this shareholder proposal.

PROPOSALS FOR NEXT YEAR

Shareholders who desire to have proposals included in the Notice for the 2021 Annual Meeting of Shareholders must submit their proposals in writing to Cintas at its offices on or before May 18, 2021, and must comply with any and all requirements set forth in Cintas' Bylaws as such may be amended from time to time, in Rule 14a-8 under the Securities Exchange Act of 1934 and in the NASDAQ rules.

For shareholder proposals outside of Rule 14a-8, Cintas' Bylaws require that shareholders present items of new business and nominees for director not earlier than 150 days and at least 120 days prior to the date of the annual meeting. For the 2020 Annual Meeting, Cintas did not receive notice of any such matters from shareholders prior to June 29, 2020.

The form of Proxy for Cintas' Annual Meeting of Shareholders grants authority to the designated proxies to vote in their discretion on any matters that come before the meeting except those set forth in Cintas' proxy statement and except for matters as to which adequate notice is received. In order for a notice to be deemed adequate for the 2021 Annual Meeting, it must be received not earlier than 150 days and at least 120 days prior to the date of the meeting. If there is a change in the anticipated date of next year's Annual Meeting or these deadlines by more than 30 days, Cintas will notify all shareholders of this change through a report on Form 8-K, 10-Q or 10-K.

SHAREHOLDERS SHARING THE SAME ADDRESS

To the extent we deliver paper copies of our annual report to security holders, proxy statement, or Notice of Internet Availability of Proxy Materials, as applicable, the SEC rules allow us to deliver a single copy of such proxy materials to any household at which two or more shareholders reside, if we believe the shareholders are members of the same family.

We will promptly deliver, upon oral or written request, a separate copy of our annual report to security holders, proxy statement, or Notice of Internet Availability of Proxy Materials to any shareholder residing at the same address as another shareholder and currently receiving only one copy of such proxy materials who wishes to receive his or her own copy. Similarly, multiple shareholders residing at the same residence that are currently receiving separate copies of our annual report to security holders, proxy statement or Notice of Internet Availability of Proxy Materials may request that a single copy of such proxy materials be delivered. Requests should be directed to our Corporate Secretary by phone at (513) 459-1200 or by mail to Cintas Corporation, 6800 Cintas Boulevard, P. O. Box 625737, Cincinnati, Ohio 45262-5737.
